

The Purolator Frequent Filter Rewards Program

Installing top-quality filters has never been so rewarding.

Installing Purolator, Group 7 and ProMotive filters earns you points to cash in for great prizes.

How It Works

The Purolator Rewards program is easy! Simply cut off and save the box top from every Purolator, Group 7 and ProMotive oil and air filter you install in your customer's cars. Send them in to earn points to redeem for an amazing assortment of products – electronics, sporting goods, appliances, outdoor merchandise, tools and more – all from top brand name industry manufacturers.

Getting Started

It's simple! First, you must register online as a participant in the Purolator Rewards program. Registration is free! Contact Award Headquarters Customer Service by sending an email to: customer-care@passpoints.net or call 1-800-683-4438 to enroll. Once you register you will be sent, via email, a unique member number that you can use to reference your account. Go to purolator.passpoints.net (do not use the www. prefix) and login with your username and password to download, print and complete the Purolator Rewards Program Submission Form and send it along with your box tops (points) to the Purolator Rewards Award Headquarters:

Passpoints
Attn: Purolator Rewards
333 South Van Brunt St.
Englewood, NJ 07631

Customer Care:
1-800-683-GIFT (4438)

Program Rules

You can send in your box tops at any time. Points will accumulate on your account until you decide to cash them in for prizes. Each box top is worth one (1) point. There is no limit as to how many box tops you can send in or how many prizes you can request as long as you have the points to redeem.

Reward Products and Point Levels

Once you register, use your member info to log in anytime to check your point status. You can browse through the entire selection of products available for redemption on this program along with the number of points you need to redeem them. If you are looking for a particular item, brand or product type, you can enter in your search, or you can sort through the prize categories by selecting your preferences using the drop down menu. Take a look through the online catalog and enjoy!
